## What our clients have to say...

LRQA delivered innovative, interactive, and insightful courses which were positively received by the delegates. The courses were highly informative and enjoyable, providing practical and relevant course material.”

## Different learning methods for all abilities & levels

### Blended

*A combination of learning styles; including self-directed and tutor-led options*

Build your knowledge with a mix of online and in-person training; or opt for a fully digital approach.

### Virtual classroom

*Interactive tutor-led training delivered online*

Access training from anywhere with courses that have been optimised for a live, connected environment.

### Classroom

*A traditional, in-person approach to training*

In-depth, accelerated learning in a small, interactive group environment.

### eLearning

*Flexible online learning at your own pace*

Complete your training at a time and place that works best for you.

### In-house

*Existing courses from our portfolio, shaped to fit your unique requirements*

In-depth learning delivered at your premises, and within the context of your organisation.

### Customised

*Training programmes built specifically for you*

A create-your-own, personalised approach to learning.

# DISCOVER LEARNING PATHWAYS: A SMARTER APPROACH TO TRAINING

## Enhance your skills and progress in your chosen field with LRQA's Learning Pathways.

With a clear path and outcome, our experts have pulled together complementary courses that are designed to take your learning to a new level. Each pathway is your roadmap, where every course you complete brings you closer to your professional aspirations.

We currently have a catalogue of sector-specific pathways, including environment, health and safety, cybersecurity, and food and beverage, as well as auditor training and integrated management specialist courses.

### Courses for varying levels of experience

Our range of training courses are developed and delivered by technical experts, who provide you with unique industry insight.

They use real experiences and practical models to ensure that everything you learn can be transferred back into the workplace.

Our courses are structured to accommodate a variety of participants. We offer foundation, practitioner and professional level training for those that work with management systems, or carry out inspections on equipment and assets.

### Dedicated to professional excellence

We provide high-quality training and development solutions to suit your personal and organisational needs.

Many of our courses are approved by external bodies, to support your professional development and help you increase your credibility.

#### Our partnerships include:

**BRGS** Approved Training Partner

### Why choose training from LRQA?

Our approach is flexible-by-design, offering a wide range of courses in multiple learning styles – optimising each delegate's experience based on what works best for them. We also build fully customised training programmes designed to meet the unique requirements of your people and business.

Whether delivered in-person, online or through a blended approach, our expert tutors cater for all experience levels, providing courses centred around interaction and real-life case studies. We provide the knowledge, insight and skills your people need to implement best practices and pioneer new ideas – supporting their professional growth and your organisation's improvement
