DISCOVER LEARNING PATHWAYS: A SMARTER APPROACH TO TRAINING

Enhance your skills and progress in your chosen field with LRQA's Learning Pathways.

With a clear path and outcome, our experts have pulled together complementary courses that are designed to take your learning to a new level. Each pathway is your roadmap, where every course you complete brings you closer to your professional aspirations.

We currently have a catalogue of sector-specific pathways, including environment, health and safety, cybersecurity, and food and beverage, as well as auditor training and integrated management specialist courses.

Courses for varying levels of experience

Our range of training courses are developed and delivered by technical experts, who provide you with unique industry insight.

They use real experiences and practical models to ensure that everything you learn can be transferred back into the workplace.

Our courses are structured to accommodate a variety of participants. We offer foundation, practitioner and professional level training for those that work with management systems, or carry out inspections on equipment and assets.

Dedicated to professional excellence

We provide high-quality training and development solutions to suit your personal and organisational needs.

Many of our courses are approved by external bodies, to support your professional development and help you increase your credibility.

Our partnerships include:
